

9^{de} EURO-FRUITCARTOONALE SINT-TRUIDEN 2010

FRUIT: on tour

FRUIT : ON TOUR

If we opt for the theme Fruit: On Tour, we like to send our fruits from Haspengouw on tour with all positive and delicious qualities, who creates our fruit like real worldstars. Healthy, tasty and beautiful goes our fruit on tour, all over the world, among all cultures, among all nationalities. How are treated their qualities through the world?

Our fruit is ON TOUR. And success is revolutionary: among other VIP'S is our fruit all year round in the spotlights and is worn by their fans, it is celebrated, and is really to bite.

Our mainsponsors **Veiling Borgloon and Belgische FruitVeiling** already give many hints and provide special perspectives on their professional site www.fruitrevolution.be

The jury expects with impatience your funny interpretations of the topic FRUIT CULINARY.
